Just download it on your Mac and you will find it can be a good helper Apowersoft free online video downloader enables you to free download video from YouTube, Dailymotion, Vimeo and more sites.. I also liked the fact that Flash Video Downloader 2 supports Growl alerts, so that you know when videos have completed downloading while you're doing other things.. Here is SaveFrom! It helps to download video, TV shows, or sports games from a lot of websites, by just entering the URL of the video and clicking Download.. All in all however, Flash Video Downloader 2 is a handy downloading solution for those users that don't need to download more than five videos at any one time.. For the content hungry, the maximum batch download rate is five videos at once, although I'd prefer this to be unlimited, even if it would hog bandwidth. Kodi For Ios Mac
